

## CAPABILITIES STATEMENT

Engineering firm founded in 1928. Provides engineering services, industrial plant designs, equipment designs and R&D for industries, including lubricating grease, chemical, petrochemical, modified asphalt, asphalt shingle manufacturing and adhesives. A global reputation for the highest quality and longest-lasting sustainable equipment where superior reaction, mixing and increased yields of various materials are necessary. Our mission is to provide innovation, improve manufacturing processes and customer satisfaction, while increasing their process efficiency and profitability.

CAGE: 9FVC3  
UEI: WAKVDVQT43F3

WBENC Certification: 233602  
WOSB Certification: 230487

### CORE COMPETENCIES

- Engineering Services
  - Concept-Phase, Process-Oriented, Detailed Designs and Services, Project Management, Facility Commission & Start-up, Turn-key Projects
- Equipment Design and Equipment Procurement
  - Customized Equipment—STRATCO® Contactor™ reactor
  - Finishing Vessels, Modular Equipment and Auxiliary & Utility Equipment, Mechanical Seals
  - Equipment Improvements, including Modular Designs
- R&D Services
  - Product Formulation and Development
  - Custom Equipment/Process Design & Development
- Aftermarket Parts and Equipment Refurbishment

### NAICS

- 541330 – Engineering Services
- 541340 – Drafting Services
- 541380 – Testing & Lab Services
- 541420 – Industrial Design Services
- 541614 – Process, Physical Distribution & Logistics
- 541618 - Other Consulting Services
- 541715 – R&D & Physical Engineering
- 561990 – All Other Support Services
- 423840 – Industrial Supplies Wholesalers
- 424720 – Petroleum and Petroleum Products Merchant Wholesalers
- 424710 – Petroleum Station Term. Wholesalers
- 324122 – Asphalt Shingle Coating
- 324191 – Petroleum Lubricating Oil & Grease
- 333248 – All Other Industrial Machinery Manuf.
- 333912 – Air & Gas Compressor
- 333914 – Measuring, dispensing equipment
- 339991 – Gasket, Packing, and Sealing Devices
- 325998 – Grease, Synthetics and Manufacturing
- 236210 – Industrial Building Construction
- 237120 – Oil & Gas and Related Structures
- 238220 – Plumbing/HVAC
- 811310 – Commercial Industrial Machinery Maintenance & Repairs

Our 90+ years of experience have allowed us to be involved in many different aspects of the industries we serve. We are a Solutions company, working together with our customers in the actual manufacturing processes through product development and industrial plant designs.

### PAST PERFORMANCE

- Installed and supplied equipment on 6 continents, in 65 countries
- Clients include most of the world's major oil companies
- Our proprietary equipment is the industry standard
- We are in the process blueprint of major oil companies
- Assisting clients in their successful strategic entry into the U.S. market
- More than 40 different types of products have been made using the STRATCO® Contactor™ reactor (including foods, personal care and biodiesel)
- #1 provider of alkylation (reformulated gasoline) technology in the world
